## WeCan School Song

Thy dreams fly and rise to sky,  
Shall one day come to life.  
WeCan, We will, We shall bestow  
The best from our side.  
Thy School in which thou learn to know,  
The soul and gist of life.  
The knowledge hub, the wisdom tool,  
Doth spread the magic wide.  
WeCan, We will, We shall bestow  
The best from our side.  
Oh! God teach us to serve others,  
With love and trust and pride.  
The virtues of righteousness may,  
Always be our guide.  
WeCan, We will, We shall bestow  
The best from our side.  
Oh! Motherland boweth 'ere thou,  
I vow to bring thou fame.  
Nay foe, Nay fear can cease me to  
Reach mine goals abide.  
WeCan, We will, We shall bestow  
The best from our side.  
WeCan, We will, We shall bestow  
The best from our side.

## Director's Desk

**E**ducation is the best gift you can give to your child and we appreciate your gesture to know more about WeCan Schools.

WeCan Schools grow from a fresh understanding of child education and development. Diligent in pursuing its “no child left behind” mandate, the school is imbuing a spirit of global nationhood by offering a nonpareil experience to not just students but also their guardians. The WeCan experience allows students to demonstrate knowledge and skills that are challenged in a vibrant and motivated learning environment. Our curriculum is meticulous in ensuring that each student is acknowledged and valued, with wide enough scope to excel in a variety of academic, athletic, and extra-curricular activities.

When Socrates held education to be the most powerful weapon to change the world, he assumed that human values will only return to the fore through learning and wisdom. At WeCan, we endeavor to enable students to acquire wide knowledge and transform it into wisdom. We help prepare children to be civilized global citizens who value human ideals. We provide creativity and resourcefulness and let our students free to dream, think beyond limitations and act with devotion and commitment to achieve anything that finds a place in their heart.

**WE BELIEVE THAT ONE PEN, ONE CHILD AND ONE TEACHER  
CAN CHANGE THE WORLD.**

# प्रिय अभिभावक

शिक्षा सबसे अच्छा उपहार है जिसे आप अपने बच्चे को दे सकते हैं। बच्चों के लिए सही स्कूल का चुनाव करना माता पिता की एक बड़ी जिम्मेदारी होती है। हम वीकैन स्कूल के बारे में अधिक जानने के आपके प्रयास की सराहना करते हैं।

वीकैन स्कूल निरंतर बच्चों की शिक्षा और विकास की नई अवधारणाओं को अपनाते हुए, अपने विद्यार्थियों को वैश्विक नागरिक बनाने की ओर अग्रसर है। "प्रत्येक बच्चा भिन्न और महत्वपूर्ण है" की भावना के साथ, विद्यार्थियों को ज्ञान अर्जित करने का वातावरण दिया जाता है और उस ज्ञान को कौशल और बुद्धिमत्ता में परिवर्तित कर हर चुनौती का सामना करने के लिए सन्नद्ध किया जाता है। हमारा पाठ्यक्रम यह सुनिश्चित करता है कि प्रत्येक विद्यार्थी को शैक्षणिक, खेल-कूद और अतिरिक्त पाठ्येतर गतिविधियों में उत्कृष्टता प्राप्त करने के लिए पर्याप्त अवसर मिले।

जब सुकरात ने शिक्षा को दुनिया को बदलने के लिए सबसे शक्तिशाली हथियार माना, तो उन्होंने यह भी माना कि मानव मूल्यों की रक्षा केवल बुद्धिमत्ता और ज्ञान के माध्यम से ही की जा सकती है। हम अपने विद्यार्थियों को सपने देखने और सीमाओं से परे सोचने के लिए प्रेरित करते हैं और जो भी अभिलाषा उनके दिल में जगह पाती है उसे पूरी निष्ठा एवं प्रतिबद्धता से प्राप्त करने के लिए परिश्रम करना भी सिखाते हैं।

**'हम मानते हैं कि एक कलम, एक बच्चा और एक शिक्षक  
पूरी दुनिया को बदल सकते हैं।'**

# OUR TEAM

## YOUR KIDS ARE IN SAFE HANDS

**A** Chevening Scholar, Aqueel Khan stands out amongst his counterparts not just for his brilliant administrative leadership but exemplary developmental initiatives and his deep commitment to the lives of poor through supporting educational endeavours. He studied from Saint Xavier Jaipur and pursued his higher education from the Delhi University in International Relations. He has recently done his second Masters in Governance, Development and Public Policy from the Institute of Development Studies at the University of Sussex in the United Kingdom on the most prestigious Chevening Scholarship of the British Government. He has a passion for value-based education, which has been the driving force of his life.

He founded WeCan with handful of his students in the year 2003. His rich work experience includes working in close association with the Minister of Rural Development and Panchayati Raj, Minister of Road Transport & Highways and the Railways Minister in the Government of India. He has also worked as executive magistrate at various key positions in the Government of Rajasthan. His deep commitment towards public service let him to work with Rajasthan's Rural Livelihood Mission, where he represented India and presented a country paper on Governance in Micro Credit Delivery System for Rural Development in presence of representatives from 14 countries in Bangladesh. His insights into public policy made him to participate in the Quadrennial Comprehensive Policy Review (QCPR) training series by United Nations Institute for Training & Research (UNITAR) at the United Nations Headquarters in New York in 2016.

Just before his sabbatical, he was posted as the Sub-Divisional Magistrate in one of the most backward rural tribal sub-divisions of the country delivering policy inputs and monitoring all the government schemes and departments.

# OUR ACADEMIC PHILOSOPHY

## CELEBRATE DIVERSITY

### WeCan Kindergarten School

*WeCan has approximately 1600 students from grades Play-Group to Prep*

From the first day in school, the social, intellectual, aesthetic, emotional and physical needs of the student are central to the curriculum, so that the classroom becomes a world in which the acquisition of skills and conceptual understanding goes hand in hand with the freedom to inquire, explore and create. Our program is comprehensive and is based on acceptance of and respect for the diversity of each child.

At pre-primary level, we recognize that families understand their child better than anyone else and we appreciate and embrace the sharing of information and ideas to enhance child's learning, and actively encourage family participation. Our educators are positive role models, guiding behaviour by example, and interacting with children in a way that encourages learning as a pleasant and enjoyable experience

### WeCan Primary Classes

*WeCan has approximately 1300 students from grades 1 - 4*

We welcome children to the primary classes with a commitment to educate their minds with skills necessary for them to be future global leaders. Each day they are met with engaging, inquiry-based tasks that make them think rationally about issues of global significance along with learning the key foundational skills required to access a higher level education.

Our primary teachers are regularly trained to deliver academic excellence while honing investigative skills and critical thinking. Learning environment at WeCan Schools fosters intellectual growth, independence and acuity, purposeful curiosity and skills for the future. Our teachers also focus on socio-emotional growth of the children. Our strong pastoral care program uses both responsive classroom morning meetings as well as the five foundations of character development: Responsibility, Organisation, Persistence, Resilience and Getting Along.

## WeCan Middle Classes

*WeCan has approximately 600 students from grades 5 - 8*

This is the bridge between the Junior School and Higher Academics. Our academic program for the Middle School strives to equip students with the skills, knowledge and understanding necessary for the present era. Academic subjects are balanced with extra-curricular, value education, arts and an additional language.

This is the age when children seek greater independence and explore their identity. We focus on facilitating a meaningful transition to adolescence and addressing the ever changing, complex needs of the middle level learner. Through a safe, nurturing learning environment supported by caring teams of teachers, our program provides each student with opportunities to explore, inquire and develop confidence.

## WeCan Higher Classes

*WeCan has approximately 125 students from grades 9 – 12*

Academically, we want our students to combine solid content knowledge with strong skills so they may develop responsibility for their own learning. Our aim is to nurture critical thinking, effective communication, creative problem-solving and collaborative learning and leadership. We encourage our students to take risks in learning, be open-minded and reflective, and through an international perspective, develop an understanding of global issues.

Our goal is to prepare our students to be 'an active force in shaping a better world, peaceful, compassionate and sustainable.' Our high school students are regarded and treated as young adults and are placed at the centre of the educational process. Independent learning is a core principle of WeCan Schools. Our high school students are expected to learn to manage their own workload, and to be proactive in their learning, with the help and support of their teachers.

# YOUR CHILD'S SCHOOL MUST HAVE THESE FEATURES

## ACADEMIC BUREAU

---

A team of 13 highly qualified and experienced educationists to plan and update curriculum every day. They also train more than 250 teachers regularly on teaching methodology to enable students to have clear understanding of concepts.

## ACADEMIC SOFTWARE

---

A real-time online academic software not just keeps the academic performance of all our students update but it will also provide us a profile of each child's growth and interest throughout their school life. This information would be invaluable for selection of career during later years of their education.

## COMPUTER EDUCATION

---

Computers are not the future but inevitable in the present scenario. Well-equipped computer labs at all the centres have been set up to prepare our students for their careers.

## LIBRARY

---

We make our students understand that books are their best friends. We introduce them to funny and exciting books and then they take on the more serious ones themselves for the love of knowledge. Our well stocked libraries help us in this.

## SPORTS

---

It is hard to beat a person who never gives up. At WeCan Schools, we believe that sports are as important in a student's life as any other academic activity. Though we do not have big playgrounds but we compensate it with some indoor sports and our grand Annual Sports Day. Students compete in many inter-house athletic events throughout the year which decides the winner of the WeCan Cup of the Year. From the session 2020-2021, we have decided to have quarterly inter-house outdoor sports events.

## SCIENCE LABS

---

Well-equipped separate labs for Physics, Chemistry and Biology provide practical understanding of the concepts.

## AUDIO-VISUAL ROOMS

---

Benjamin Franklin attributed it as "Tell me and I forget, teach me and I may remember, involve me and I learn." To make learning more interesting and to involve students with more activities, there are spacious audio-visual rooms for showing educational videos.

## LANGUAGE

---

Options for French, Sanskrit and Urdu as third language are available depending on a minimum number of students opting for each.

We believe in celebrating diversity. In the last 7 years, more than 50 interns from almost 26 different countries have come to teach and share their experiences with our students.

EVERY CHILD  
IS UNIQUE FOR US

# आपके बच्चों के स्कूल में ये विशेषताएँ होना ज़रूरी है।

## एकेडमिक ब्यूरो

13 अनुभवी एवं योग्य शिक्षाविदों की टीम प्रतिदिन पाठ्यक्रम को अद्यतन रखने के साथ हर दिन हर विषय में क्या पढ़ाया जाना है, यह निर्धारित करते हैं, इसके साथ ही यह प्रतिदिन 250 से अधिक टीचर्स को इस बारे में ट्रेनिंग देते हैं कि उक्त विषय कैसे पढ़ाया जाये कि विद्यार्थियों को प्रत्येक विषय कि हर अवधारणा स्पष्टता से समझ आये।

## एकेडमिक सॉफ्टवेयर

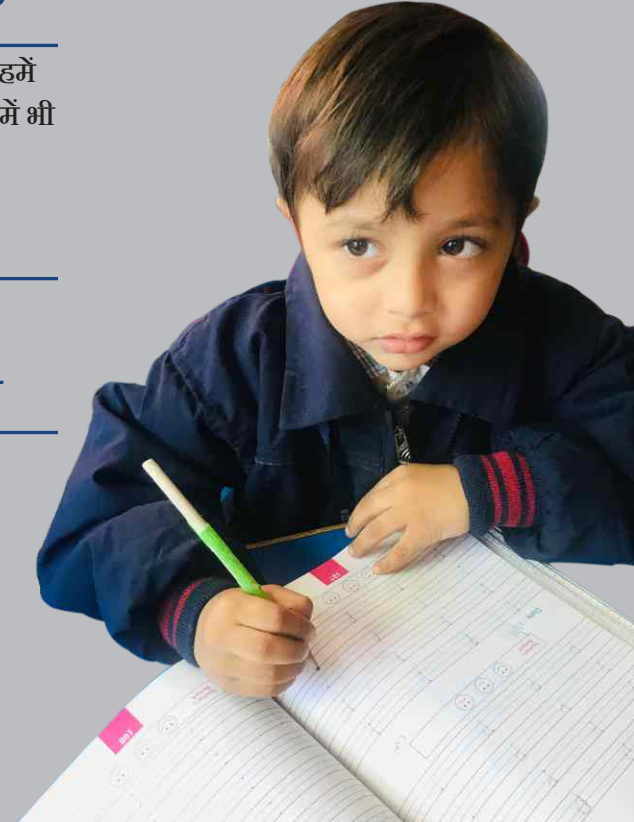

हमने अपने विद्यार्थियों के लिए एक ऐसा एकेडमिक सॉफ्टवेयर बनाया है जो ना सिर्फ हमें प्रत्येक बच्चे कि शिक्षा सम्बन्धी प्रगति हमें बताता है बल्कि ये बच्चों का एक पूरा प्रोफाइल भी बनाता है। ये प्रोफाइल आने वाले वर्षों में हमारे बच्चों के व्यवसाय / पेशा चुनने में भी बहुत उपयोगी सिद्ध होगा।

## कम्प्यूटर एजुकेशन

कंप्यूटर शिक्षा का महत्व समझते हुए वीकैन स्कूल्स में अत्याधुनिक कंप्यूटर लैब्स में विद्यार्थियों को उनके भविष्य के अनुरूप शिक्षा प्रदान की जाती है।

## लाइब्रेरी

किताबें मनुष्य कि सबसे अच्छी दोस्त होती हैं। ये बात हम अपने विद्यार्थियों को मजेदार और ज्ञानवर्धक किताबें पढ़ने कि आदत डालकर सिखाते हैं और फिर धीरे धीरे वो अपने आप अधिक शिक्षाप्रद एवं गंभीर किताबों में रुचि लेने लगते हैं। हमारे इस प्रयास में हमारे विद्यालय के पुस्तकालय हमारी मदद करते हैं।

# स्पोर्ट्स

संघर्ष करने वालों की कभी हार नहीं होती है। खेल कूद से ही विद्यार्थियों को जीवन कि कई बड़ी शिक्षाएं मिलती हैं। हमारे पास बहुत बड़े खेल मैदान नहीं हैं परन्तु हम कुछ इंडोर खेलों और वार्षिक खेलकूद दिवस पर इंटर-हाउस खेलकूद प्रतियोगिताओं का आयोजन करके उस कमी को दूर करने कि कोशिश करते हैं। सत्र 2020-21 से प्रत्येक तीन माह में विद्यार्थियों के लिए इंटर-हाउस खेलकूद दिवस का आयोजन किया जायेगा।

## प्रयोगशालाएं

भौतिक विज्ञान, रसायन शास्त्र और जीव विज्ञान कि व्यवहारिक समझ के लिए हमारे स्कूल में सभी आवश्यक उपकरणों से सुसज्जित अलग-अलग प्रयोगशालाएं हैं।

## ऑडियो विजुअल रूम

बच्चों को यदि रोचक गतिविधियों के द्वारा पढ़ाया जाता है तो उन्हें ना सिर्फ शीघ्र समझ आता है वरन लम्बे समय के लिए याद भी रहता है। अतः शिक्षाप्रद वीडियो देखने हेतु तथा अन्य गतिविधियों के लिए ऑडियो विजुअल रूम अपरिहार्य है।

क्योंकि हमारे लिए  
हर बच्चा विशेष है।

# TWO SCULPTORS

I dreamt I stood in a studio,  
And watched two sculptors there.  
The clay they used was a young child's mind,  
And they fashioned it with care.

One was a teacher, the tools he used  
Were books, music, and art.  
One a parent with a guiding hand  
And a gentle loving heart.

Day after day, the teacher toiled,  
With a touch that was deft and sure.  
While the parent laboured by his side,  
And polished and smoothed it o'er.

And when at last, their work was done,  
They were proud of what they had wrought.  
For the things they had moulded into the child,  
Could neither be sold nor bought.

And each agreed they would have failed  
If each had worked alone,  
For behind the parent stood the school  
And behind the teacher the home.
